

FACILITIES MANAGEMENT

Our highly skilled facilities management team collaborates closely with clients to ensure that they receive a cost-effective and reliable service that prioritises safety and quality.

We specialise in working with non-profit organisations that serve vulnerable populations in the Disability Services, Aged Care, and Community Housing sectors.

Drawing on years of industry-specific expertise and an extensive understanding of local conditions, our team is committed to assessing, maintaining, repairing, and upgrading facilities to meet the unique needs and expectations of these communities.

Zapti's facilities management services are tailored to meet the unique requirements of each client, and cover a wide range of building maintenance services.

Hard Facilities Management

- Fire Safety & Emergency Systems
- Ventilation & Air Conditioning (HVAC) Systems
- Gas, Plumbing & Heating
- Lighting, Electrical & Mechanical
- Repairs & Maintenance
- Carpentry
- Security Systems

Soft Facilities Management

- Cleaning Services
- Pest Control
- Yard Maintenance
- Landscaping
- Waste Management

Maintenance activities can be preventative, planned, compliance-related, reactive and emergency in nature, and delivered as part of a separate or bundled service contract.

If your organisation provides Disability Services, Aged Care or Community Housing get in touch today to discuss how Zapti can provide these reliable services to you.
